Phil Baxley is the global Vice President Business Development for Shell Hydrogen, a separate business unit established by Shell in 1999 to pursue new business opportunities in hydrogen fuel and fuel cells, with headquarters in Amsterdam, The Netherlands. Phil also heads up the North American regional office of Shell Hydrogen, located in Houston, Texas.

Phil has been with Shell for 23 years, with prior staff and managerial assignments in Exploration and Production, Business Development, R&D, and Engineering. Prior to joining Shell, he spent two years as an Environmental Consultant with Intera Technologies of Austin, Texas. Phil has an MS degree in biomedical engineering from Rice University and a BS in chemical engineering from the University of Florida. He is a Director of QuestAir Technologies, of Vancouver, B.C.
